To the Members of

The American Numismatic Society:

As stated in the annual report of the Committee on the Publication of Medals, January 18, 1909, the medal designed by Mr. Emil Fuchs, at the request of The American Numismatic Society, to commemorate the discovery of the Hudson River by Henry Hudson in the year 1609 and the first use of steam in navigation on the Hudson River by Robert Fulton in the year 1807 has been adopted by the Hudson-Fulton Celebration Commission as its official medal.

The original dies, prepared by The American Numismatic Society, are three inches in diameter. From these dies there have been struck, for members of this Society only, two examples in native gold from California, and one hundred examples in solid sterling silver, numbered from one upward.

These dies are now to be delivered to Messrs. Tiffany & Company, who will strike therefrom only such medals in

native Alaskan gold as may be required by the Hudson-Fulton Celebration Commission for presentation to the head of each nation represented in the celebration by one or more of its naval vessels. After such use these three-inch dies are to be deposited in the Museum of your Society. All other issues of this official medal will be of other sizes and of much larger editions.

These one hundred silver medals are now offered to the members of The American Numismatic Society for subscription at the price of $10 each. Each member may subscribe for one or more medals, and they will be allotted in the numerical order of the applications therefor until the entire issue has been taken. This edition is strictly limited to one hundred medals in silver.

Subscriptions, with remittances and instructions for delivery, should be sent to Mr. Bauman L. Belden, Director of The American Numismatic Society, Audubon Park, 156th Street, New York City.

President.

Dear Sir:

Mr. Edward D. Adams wrote me, under date of January 31, as follows:-

"Mr. Henry W. Cannon requests that his name be entered as a subscriber for each of the medals that may be issued by our Society from time to time."

In case of the issue of a medal in more than one metal (usually silver and bronze) do you desire a medal in each metal, or if in only one metal can you designate the metal you would prefer, or shall I select the metal of the smaller issue ?

Of the Catholic medal I have reserved No. 11, in both silver and bronze, until I hear what your preference is in the matter.

Dear Mr. Cannon:-

Thank you for your inquiry with regard to The American Numismatic Society's set of medals. Of those for which you ask we can furnish you the Grant Monument Medal in silver at $10.50 and bronze for $2.50, and the Membership Medal 1910 in silver for $8.00 and in bronze $4.00. We have just sold the last Washington 1883 Medal we had, and we have no copies of the Greater New York and Lincoln Medals.

Will you not permit us to enter your order for these, and when we find either of them appearing in some of the future sales, to bid up to our selling price for them ? This would be the Washington Medal in silver $10.00, and in bronze $5.00; the Greater New York Medal in silver $10.00 and in bronze $5.00. The Lincoln Medal is probably unprocurable. In doing this, you would not only complete your set in the course of time, but you would enable us to maintain the price of our medals in the auction room - a very desirable thing as you will realize. If you will authorize this course, please advise whether you desire the bronze or silver medals.

Kindly let me know whether I shall send the Grant and Membership Medals, and whether you want them in bronze or silver.

Yours very sincerely,

Secretary.
